

Bold Comments on KWG "Inferred Resource"

11.09.2013 | [Marketwire](#)

TORONTO, ONTARIO--(Marketwire - Sep 11, 2013) - [Bold Ventures Inc. \(TSX VENTURE:BOL\)](#) (the "Company" or "Bold") wishes to report that the 43‐101 Resource estimate commissioned by [KWG Resources Inc.](#) and prepared by Sibley Basin Group Geological Consulting Services Ltd. as reported by KWG in its news releases dated September 3rd and 9th 2013 respectively was prepared independent of Bold in its role as Operator of the Koper Lake exploration program (see <http://kwgresources.com/news/2013/>).

While encouraged with the initial drilling results, it is Bold management's opinion, in line with its exploration philosophy, that this study is preliminary in nature based on the limited data available at this time and is of the view that additional work should be carried out.

Neither TSX Venture Exchange nor its Regulation Services Provider (as that term is defined in the policies of the TSX Venture Exchange) accepts responsibility for the adequacy or accuracy of this release.

Cautionary Note Regarding Forward Looking Statements: This Press Release contains forward looking statements that involve risks and uncertainties, which may cause actual results to differ materially from the statements made. When used in this document, the words "may", "would", "could", "will", "intend", "plan", "anticipate", "believe", "estimate", "expect" and similar expressions are intended to identify forward looking statements. Such statements reflect our current views with respect to future events and are subject to such risks and uncertainties. Many factors could cause our actual results to differ materially from the statements made, including those factors discussed in filings made by us with the Canadian securities regulatory authorities. Should one or more of these risks and uncertainties, such actual results of current exploration programs, the general risks associated with the mining industry, the price of gold and other metals, currency and interest rate fluctuations, increased competition and general economic and market factors, occur or should assumptions underlying the forward looking statements prove incorrect, actual results may vary materially from those described herein as intended, planned, anticipated, or expected. We do not intend and do not assume any obligation to update these forward looking statements, except as required by law. Shareholders are cautioned not to put undue reliance on such forward looking statements
