

Algold Resources Announces Second Tranche of Private Placement

23.08.2013 | [ACCESS Newswire](#)

[Algold Resources Ltd.](#) ("Algold" or the "Company") is pleased to announce that it intends to complete a second tranche of its-previously announced private placement (the "Private Placement") of an additional maximum of 20,000,000 units (the "Units") at a price of C\$0.15 per Unit, for additional gross proceeds of up to \$3 million. Each Unit is comprised of one common share of the Company (a "Common Share") and one Common Share purchase warrant (a "Warrant"). Each Warrant entitles the holder to purchase one Common Share at a price of C\$0.20 for a period of 18 months.

As previously announced on July 12, 2013, Algold closed a first tranche of 6,774,998 Units for gross proceeds of approximately \$1,016,250. If the second tranche is completed, total gross proceeds would therefore total a maximum of approximately \$4,016,250.

The Company wishes to clarify that in connection with the first tranche of the Private Placement, it paid a cash commission of \$18,400 and issued 122,667 agent's warrants, each entitling the holder to subscribe for one Unit at a price of \$0.20 at any time prior to January 11, 2015.

In other news, Algold announces that it has increased the maximum number of Common Shares reserved for issuance under its stock option plan from 913,702 to 1,606,352, representing 10% of the outstanding Common Shares to date. This increase is subject to the approval of the TSX Venture Exchange.

CAUTION REGARDING FORWARD LOOKING STATEMENTS

Information in this news release that is not a statement of historical fact constitutes forward-looking information. Such forward-looking information includes statements regarding the Company's planned exploration programs. Actual results, performance or achievements of the Company may vary from the results suggested by such forward-looking statements due to known and unknown risks, uncertainties and other factors. Such factors include, among others, that the business of exploration for gold and other precious minerals involves a high degree of risk and is highly speculative in nature; few properties that are explored are ultimately developed into producing mines; geological factors; the actual results of current and future exploration; changes in project parameters as plans continue to be evaluated, as well as those factors disclosed in the Company's publicly filed documents.

There can be no assurance that any mineralisation that is discovered will be proven to be economic, or that future required regulatory licensing or approvals will be obtained. However, the Company believes that the assumptions and expectations reflected in the forward- looking information are reasonable. Assumptions have been made regarding, among other things, the Company's ability to carry on its exploration activities, the sufficiency of funding, the timely receipt of required approvals, the price of gold and other precious metals, that the Company will not be affected by adverse political events, the ability of the Company to operate in a safe, efficient and effective manner and the ability of the Company to obtain further financing as and when required and on reasonable terms. Readers should not place undue reliance on forward-looking information.

Algold does not undertake to update any forward-looking information, except as required by applicable laws.
