Sage Gold Announces the Results of its 2014 Annual General Meeting

19.06.2014 | Marketwire

TORONTO, ONTARIO--(Marketwired - Jun 19, 2014) - On June 18th at the Sage (TSX VENTURE:SGX) Annual General Meeting all of the Company's resolutions were passed by an overwhelming majority.

Mr. Joe Baylis advised the Sage Board of Directors that he would not stand for re-election as a Director as he has accepted a position in Houston, Texas. Sage President and CEO Nigel Lees commented, "After many years as a Director on the Board, Mr. Baylis has brought extensive domestic and international mining industry experience to Sage. He has been a diligent director and will be missed. I would like to express our sincere thanks for his years of contribution to Sage and wish him every success in his new position".

Sage is a mineral exploration and development company, which has primary interests in near-term production and exploration properties in Ontario. Its main properties are the Clavos Gold project in Timmins and the Lynx project and other exploration properties in the Beardmore-Geraldton Gold Camp. Technical reports and information relating to the properties can be obtained from the System for Electronic Document Analysis and Retrieval (SEDAR) website at www.sedar.com and www.sagegoldinc.com.

This release was prepared by management of the Company who takes full responsibility for its contents. Neither TSX Venture Exchange nor its Regulation Services Provider (as that term is defined in the policies of the TSX Venture Exchange) accepts responsibility for the adequacy or accuracy of this release.

This news release contains certain "Forward-Looking Statements" within the meaning of Section 21E of the United States Securities Exchange Act of 1934, as amended and "Forward Looking Information" within the meaning of applicable Canadian securities legislation. Some forward looking statements and forward looking information contained in this release are forward-looking and, therefore, involve uncertainties or risks that could cause actual results to differ materially. Such forward-looking statements include comments regarding mining and milling operations, mineral resource statements and exploration program performance. Factors that could cause actual results to differ materially include metal price volatility, economic and political events affecting metal supply and demand, fluctuations in mineralization grade, geological, technical, mining or processing problems, exploration programs and future results of exploration programs, future profitability and production. The Company disclaims any obligation to update forward-looking statements.
