

# Gowest Gold Granted Further Extension for Letter of Intent With Kidd Operations

08.07.2014 | [Marketwire](#)

TORONTO, ONTARIO--(Marketwire - Jul 8, 2014) - [Gowest Gold Ltd.](#) ("Gowest" or the "Company") (TSX VENTURE:GWA)(OTCBB:GWSAF) reports that it has received a further extension of up to six months with regard to the previously announced non-binding Letter of Intent ("the LOI") the Company had entered into with Kidd Operations, located in Timmins, Ontario (see *Gowest news releases dated May 29 and December 20, 2013*). The plan is to refurbish the Division 'D' line of the mill at Kidd Operations to process Gowest's Bradshaw Gold Deposit ("Bradshaw") resources into a high-grade (+90 grams per tonne) gold concentrate. The proposed arrangement between the companies significantly reduces the cost and time to commercial production of Bradshaw. The LOI, which had been scheduled to be terminated on or before June 30, 2014, has now been extended to on or before December 31, 2014.

According to the terms of the LOI as requested by management of the Kidd Operations, Gowest has completed a detailed concept engineering study for the mill refurbishment and is now advancing detailed mine planning, site infrastructure engineering, the planned mill refurbishment as part of a pre-feasibility study as well as working on advanced underground exploration permit applications.

Highlights of the planned collaboration between Gowest and the Kidd Operations:

- **Utilizes excess capacity at the Kidd Operations mill, reducing overall milling costs and increasing revenue;**
- **Significantly reduces Gowest capital cost requirements by an estimated \$107mm in avoiding the construction of a stand-alone facility (\$60mm vs. \$167mm)\*; and,**
- **Enables Gowest to begin commercial production 2-3 years earlier since a new mill would not have to be constructed.**

Gowest President and CEO, Greg Romain, said, "Our recent financing success has provided further support for our goal of turning the Bradshaw Gold Deposit into the next new gold mine in the Timmins Camp." He added, "We continue to be very happy with the support and good relations we have with the Kidd Operations as well as their recognition of Bradshaw's potential to become an operating mine."

## About Gowest

Gowest is a Canadian gold exploration and development company focused on the delineation and development of its 100% owned Bradshaw Gold Deposit (Bradshaw), on the Frankfield Property, part of the Corporation's North Timmins Gold Project (NTGP). Gowest is exploring additional gold targets on its 109-square-kilometre NTGP land package and continues to evaluate the area, which is part of the prolific Timmins, Ontario gold camp. The latest updated resource estimate for Bradshaw included approximately 945,600 ounces of gold ("Au") in the Indicated category (6.0 million tonnes at a grade of 4.9 grams per tonne ["g/t"] Au) and 536,800 ounces of gold in the Inferred category (3.7 million tonnes at a grade of 4.2 g/t Au). As was used in the Corporation's Preliminary Economic Assessment, the current estimate is based on a 3.0 g/t Au cut-off and a conservative gold price of US\$1,200/oz. This resource estimate has been completed by Neil N. Gow, P. Geo., an independent Qualified Person, and reported in accordance with the requirement of National Instrument 43-101 - *Standards of Disclosure for Mineral Projects* and CIM Standards on Mineral Resources and Reserves.
