

Arena Minerals Closes Previously Announced \$2 Million Private Placement Financing

21.07.2014 | [Marketwire](#)

TORONTO, ONTARIO -- (Marketwire - July 21, 2014) - [Arena Minerals Inc.](#) ("Arena" or the "Company") (TSX VENTURE:AN) has closed its previously announced non-brokered private placement financing of 10,000,000 units (the "Units") at a price of \$0.20 per unit for gross proceeds of \$2,000,000 (the "Offering"). Each unit is comprised of one common share of the Company and one-half of one share purchase warrant (each whole warrant, a "Warrant"). Each Warrant will entitle the holder thereof to acquire one common share of the Company at an exercise price of \$0.35 per common share until July 18, 2016. If at any time after four months and one day from the closing of the Offering, the common shares of the Company trade at \$0.55 per share or higher, on a volume weighted adjusted basis, for a period of 30 days, the Company will have the right to accelerate the expiry date of the Warrants to the date that is 30 days after the Company issues a news release announcing that it has elected to exercise the acceleration right.

In connection with the Offering, the Company paid finder's fees to arm's length finders comprised of a cash fee in the aggregate amount of \$46,800, issued an aggregate of 234,000 finder's warrants (the "Finder's Warrants"). Each Finders Warrant entitles the holder to acquire one common share of the Company at an exercise price of \$0.25 until January 18, 2016.

The Units, the Warrants, the Finders Warrants and the common shares underlying the Warrants and Finders Warrants remain subject to a statutory hold period until November 19, 2014. The Offering remains subject to final approval of the TSX Venture Exchange.

About Arena Minerals

Currently [Arena Minerals](#) has three properties under option covering approximately 326,000 hectares. All the properties are within the Antofagasta region of Chile, at low altitudes and within producing mining camps. The Company flagship asset is the Atacama Copper Property, consisting of 293,000 hectares of essentially undrilled ground in the heart of Chile's premier copper mining district. The Atacama Copper Property is adjacent to the Capricornio Property, forming part of a contiguous land package that can be worked in conjunction. In addition the Company also has the Pampas El Peñon project which is less than 1 km from Yamana's Augusta Victoria project and 10 km from the El Peñon mine. The Capricornio property hosts a district scale gold silver epithermal system virtually unexplored at depth and open on strike. The Pampas El Peñon and Capricornio properties comprise Arena Minerals highly prospective gold properties within an active mining region.

Cautionary Note Forward-Looking Information:

This news release may contain forward-looking information within the meaning of applicable Canadian securities legislation. Forward-looking information includes, but is not limited to, statements, projections and estimates relating to the future development of any of the Company's properties, the anticipating timing with respect to the private placement financing, the ability of the Company to complete the private placement financing, the results of the exploration program, future financial or operating performance of the Company, its subsidiaries and its projects, the development of and the anticipated timing with respect to the Atacama project, the Capricornio project, and the El Peñon project, and the Company's ability to obtain financing. Generally, forward-looking information can be identified by the use of forward-looking terminology such as "plans", "expects" or "does not expect", "is expected", "budget", "scheduled", "estimates", "forecasts", "intends", "anticipates" or "does not anticipate", or "believes", or variations of such words and phrases or state that certain actions, events or results "may", "could", "would", "might" or "will be taken", "occur" or "be achieved". The statements made herein are based on current expectations and assumptions that are subject to risks and uncertainties. Actual results could differ materially because of factors discussed in the management discussion and analysis section of the Company's interim and most recent annual financial statement or other reports and filings with the TSX Venture Exchange and applicable Canadian securities regulations. Estimates underlying the results set out in this news release arise from work conducted by the previous owners and the Company. Forward-looking information is subject to known and unknown risks, uncertainties and other factors that may cause the actual results, level of activity, performance or achievements of the Company to be materially different from those expressed or implied by such forward-looking information, including but not limited to: general business, economic, competitive, geopolitical and social uncertainties; the actual results of current exploration activities; other risks of the mining industry and the risks described in the annual information form of the Company. Although the Company has attempted to identify important factors that could cause actual results to differ materially from those contained in forward-looking information, there may be other factors that cause results not to be as anticipated, estimated or intended. There can be no assurance that such information will prove to be accurate, as actual results and future events could differ materially from those anticipated in such statements. Accordingly, readers should not place undue reliance on forward looking information. Arena Minerals does not undertake to update any forward-looking information, except in accordance with applicable securities laws.

Neither TSX Venture Exchange nor its Regulation Services Provider (as that term is defined in the policies of the TSX Venture Exchange) accepts responsibility for the adequacy or accuracy of this release.
