About Alabama Graphite:

[Alabama Graphite Corp.](#)'s mission is to become one of the greenest graphite producers in the world. The Company, through its wholly-owned subsidiary, Alabama Graphite Company Inc., is conducting exploration and development on its flagship project "The Coosa Graphite Project" in Coosa County, Alabama, USA. The project encompasses over 40,000 acres and is located in an area with significant historical production of crystalline flake graphite. The Coosa Graphite project is 100% owned by Alabama Graphite and is on private land. The Company's property has in place critical infrastructure, is within close proximity to transportation routes and has a hospitable climate allowing for year-round production and delivery. The Company published an inaugural mineral resource estimate in July 2013, which was revised in March 2014, is continuing to define the footprint of the "The Coosa Graphite Project" and will look to start work on the 100% owned "Hearst Graphite Property" in Northern Ontario.
