Toronto, March 24, 2016 - [Northern Sun Mining Corp.](#) (TSXV: NSC) (the "Company" or "Northern Sun") is pleased to announce that it has agreed to an increase in the share offer price (the "Offer Price") from \$0.05 to \$0.07 per common share of the Company.

Pursuant to a proposed arrangement (the "Arrangement") between the Company and Regal Silver Investments Ltd. (the "Purchaser"), the Purchaser would, subject to approval of the Company's shareholders and the TSX Venture Exchange (the "Exchange"), acquire all of the Company's common shares (the "Shares") held by minority shareholders (i.e., all shareholders other than Jien International Investment Ltd. ("JIIL")) at \$0.07 per Share. The Offer Price of \$0.07 per Share represents a 75% premium to the \$0.04 market price of the Shares as of the close of the last trading day on March 23, 2016 and was increased to further encourage shareholders' support for the Arrangement.

As previously announced, the Company is holding a special meeting of shareholders (the "Meeting") today on Thursday, March 24, 2016 at 10:00 a.m. (Vancouver time) at 700 - 595 Burrard Street, Vancouver, B.C. to seek approval from the shareholders for the Arrangement.

As at September 30, 2015, Northern Sun owed over \$153,479,166 as secured debt to JIIL, which debt matured as of December 31, 2015. To facilitate the Arrangement, JIIL agreed to extend the maturity date to December 31, 2016 and forgive any default or breach of such loans or other indebtedness owed by the Company that may have occurred up to and including the date of the Arrangement Agreement. In the event the Arrangement is not completed, then the debts owed to JIIL will become immediately due and payable.

The Purchaser is a private company existing under the laws of the Province of Ontario and is an arm's length third party not related to JIIL or the Company. JIIL is a private company existing under the laws of the Province of Ontario, which is a wholly-owned subsidiary of Jilin Jien Nickel Industry Co. Ltd. JIIL owns 59.6% of the issued and outstanding Shares in the capital of the Company and is owed over \$153,479,166 as secured debt of the Company. Consequently, JIIL is a related party to the Company.

Once the Arrangement is completed, the Company will apply to have the Shares delisted from the Exchange and it will also apply to the applicable Canadian securities regulatory authorities to cease to be a reporting issuer in each province in which it is currently a reporting issuer.

Northern Sun received an opinion of its independent financial advisors, Ross Glanville & Associates Ltd. and Bruce McKnight Minerals Advisor Services (the "Advisors"), that the Arrangement would be fair to the minority shareholders and the Company recommends shareholders approve the proposed Arrangement. Without the benefit of the proposed Arrangement, it is difficult to envision an outcome where the minority shareholders would be able to realize value for their thinly traded Shares at a price comparable to the Purchaser's offer price, as it was noted by the Advisors that:

- even if the Redstone Mill were to recommence operations (due to discovering feed material, or toll milling other deposits), it is likely that its fair market value would still be less than one quarter of the liabilities;
- the increase in debt from accruing interest and dividends on the Company's debt and preferred shares will be approximately \$18 million over the next year; and
- the results of the various technical reports on the main exploration/development projects of the Company, which indicate that these projects have marginal economics, especially considering current market conditions.

BASED ON THE RECOMMENDATIONS OF THE ADVISORS AND OTHER CONSIDERATIONS, THE COMPANY RECOMMENDS THAT SHAREHOLDERS VOTE IN FAVOUR OF THE ARRANGEMENT.
