

# Julian Resources Inc. to Exhibit at PDAC 2019 Investors Exchange Booth 2620B

01.03.2019 | [The Newswire](#)

Kelowna, March 1, 2019 - [Julian Resources Inc.](#) (TSX-V: JLR) ("Julian" or the "Company") is pleased to announce that it will be exhibiting at the upcoming Prospectors and Developers Association of Canada (PDAC) International Convention, Trade Show & Investors Exchange from March 3rd to 6th, 2019. Julian will be located in the Investors Exchange at booth 2620 for the B session (Tuesday & Wednesday).

## Big Kidd Project

A 4000-meter drill program is currently underway on the company's 100% owned Big Kidd Project located near Aspen Grove, British Columbia. The Company recently completed a high-resolution Volterra 3D array IP-survey over the Big Kidd Breccia Zone. The IP survey successfully delineated a chargeability anomaly at surface, which is strongly coincident with the copper-gold mineralization intersected by historic drilling on the Big Kidd ("BK") Breccia Zone. More significant is a much larger and extremely strong (up to 136ms) chargeability anomaly located down dip of the historic drilling. This new anomaly, termed the "Big Brother Zone", measures approximately 1 kilometer in length by 500 meters in width and remains open below the 600-meter depth of the survey. The survey results are currently helping the Company guide the drill program.
