20.04.2021 | [Business Wire](#)

[Almonty Industries Inc.](#) ("Almonty" or the "Company") (TSX: AII / OTCQX: ALMTF / Frankfurt: ALI.F) announces that the Plansee Group has concluded the agreement to purchase 10,587,056 shares at \$1.06 from Lewis Black as part of the previously contemplated transaction announced in December 2020. This transaction provided Almonty with both a US\$20m cost overrun guarantee dedicated to the construction of the Sangdong project and a further non-dilutive US\$10m guarantee to cover the DRSA (reserve account) required by KfW IPEX Bank as a condition of the loan to replace the more normal cash equity that would have had to be provided otherwise and represented one third of the total equity required.

Mr Karlheinz Wex, spokesman of the Plansee Group executive board commented:

"A reliable Tungsten supply has never been more important than now to our current strategy. The Almonty team is considered the best Tungsten operational team outside of China and, when combined with the largest both in grade and longevity non-Chinese Tungsten mine at Sangdong, we have decided to support a project that will be a central pillar of our tungsten raw material supply strategy for many years to come. We have now increased our position to become the largest shareholder in Almonty Industries and Lewis will move to be the second largest shareholder maintaining his position of more than 20,000,000 shares. Having already provided US\$30m of guarantees to the company, we intend to continue to support Mr. Black and his team to ensure an on time and successful build of what will be the cornerstone of our raw materials strategy for Tungsten."
