

Quantum Battery Metals Receives Positive Results and Looks to Expand Land Package near Rose West James Bay Area

02.07.2021 | [Newsfile](#)

Vancouver, July 2, 2021 - [Quantum Battery Metals Corp.](#) (CSE: QBAT) (OTC Pink: BRVVF) (FSE: 23B0) ("Quantum" or the "Company") is pleased by its preliminary findings in James Bay and is exploring the potential of adding to its portfolio in the James Bay area. Currently, the Company has 3 projects within the James Bay area.

The properties are:

1. The Rose West lithium project consists of 32 mining claims covering approximately 1,695 hectares.
2. The Kelso property consists of 19 contiguous claims totalling roughly 1,005.38 hectares.
3. The Albel property consists of 52 contiguous claims totalling approximately 2,751.15 hectares.

All three properties are located within the James Bay area, Quebec, Canada near the Cree Village of Nemaska northwest of Chibougamau. Located in a premier mining jurisdiction in Quebec, the properties are accessible through the James Bay Road, usable all year-round from Chibougamau. The area is a highly active area of exploration with major contractors and suppliers nearby lowering exploration cost.

"We are very excited by the prospects of our existing portfolio of properties, as we continue to develop our assets, we feel it is important to add to our portfolio in the area. Over the next coming period we will be exploring the option of adding to our land package and further developing our assets. By adding to our portfolio, we become one step closer to our company goal of becoming a leader in sustainable ethical Battery Metals," states Andrew Sostad.
