Calgary, June 28, 2022 - [West High Yield \(W.H.Y.\) Resources Ltd.](#) (TSXV: WHY) ("West High Yield" or the "Company") is pleased to announce that it has retained the services of Toronto-based Oak Hill Financial ("Oak Hill") to assist with investor relations activities. West High Yield has partnered with Oak Hill to enhance its visibility and profile to the public and in the financial community.

Oak Hill has been engaged for an initial three-month period. Oak Hill is to provide West High Yield with Canadian investor relations advisory activities, at a monthly advisory fee of CAD\$14,000 plus applicable taxes, as long as this agreement remains in effect.

Oak Hill and West High Yield are not related parties and operate at arm's length. Oak Hill does not have any additional interest in the Company's securities, directly or indirectly, or any right or intent to acquire such an interest.

"We are excited to work with Oak Hill to expand the visibility of our world class strategic critical mineral resource and to provide business and capital markets advisory to the Company. We believe that at the current stage of our Record Ridge magnesium project development, and in the middle of an exciting gold drilling program at the Midnight deposits, working with a great IR firm like Oak Hill will create the right awareness and understanding of the Company among the investor community, and help attain a fair valuation of the Company," said Frank Marasco, Jr, CEO of West High Yield.

"West High Yield is an exciting, differentiated opportunity for our clients," says Marc Raffoul, Managing Partner of Oak Hill. "It combines the unique attributes of ESG, highly seasoned management as well as the potential for strong cash flow generation. We look forward to working with the Company to dramatically enhance its visibility in the investment community."

About West High Yield

West High Yield is a publicly traded junior mining exploration and development company focused on the acquisition, exploration, and development of mineral resource properties in Canada with a primary objective to develop its Record Ridge strategic critical mineral magnesium deposit using green processing techniques to minimize waste and CO₂ emissions.
