About Equinox

Equinox Minerals Limited is an international mining company dual-listed on the Canadian (Toronto) and Australian stock exchanges.

The Company is currently focused on operating its 100% owned large scale Lumwana Copper Mine in Zambia, one of the largest new copper mines to be developed globally over the last few years.

Equinox acquired the Lumwana project in 1999 and following nearly 10 years of feasibility, financing and construction, commissioned the mine, plant and infrastructure in December 2008.

Situated 220 km northwest of the Zambian Copperbelt, Lumwana is now a major copper mine which has

established Equinox as one of the world's top 20 copper producing companies.

Lumwana is mining and processing in excess of 20 million tonnes of ore per year, mined at an average life of mine strip ratio of

In addition, Equinox has been implementing a strategy of expansion through organic expansion at Lumwana, with an objective of 35Mtpa throughput to produce approximately 200,000tpa of copper, as well as through an international search for acquisition opportunities.

For information on Equinox and technical details on the Lumwana Project please refer to the company website at www.equinoxminerals.com
