01.11.2024 | [CNW](#)

Drummond Ventures Corp. (TSXV: DVX.P) ("Drummond") and Elton Resources Corp. ("Elton"), a corporation incorporated under the laws of the Province of British Columbia, are pleased to announce that further to Drummond's press release dated September 9, 2024, Drummond, Elton and 1230507 B.C. Ltd. ("AcquisitionCo"), a wholly owned subsidiary of Drummond, have entered into a binding merger agreement dated October 31, 2024 (the "Merger Agreement") in respect of an arm's length reverse-takeover transaction of Drummond by Elton (the "Proposed Transaction"), which will constitute the completion of Drummond's Qualifying Transaction (as such term is defined in Policy 2.4 - Capital Pool Companies ("Policy 2.4") of the TSX Venture Exchange (the "Exchange")). Upon completion of the Proposed Transaction, the resulting issuer (the "Resulting Issuer") will carry on the business of Elton, and intends to list as a tier 2 mining issuer on the Exchange.

The completion of the Proposed Transaction is subject to the satisfaction of various conditions that are customary for a transaction of this nature, including but not limited to: (i) the completion of one or more concurrent brokered financings by Elton for gross proceeds of a minimum of \$10,000,000 (when aggregated with the gross proceeds from the Drummond Financing (as defined below)) (the "Private Placement") through the issuance of Subscription Receipts (as defined herein); (ii) the approval by the directors of Drummond and Elton of the Proposed Transaction and the matters related therein; (iii) approval of the Split (as defined herein), the reconstitution of the Drummond Board (as defined herein), the adoption of new articles for Drummond and such other matters as may be reasonably be requested by Elton by the shareholders of Drummond; and (iv) the receipt of all requisite regulatory, stock exchange, or governmental authorizations and consents, including the Exchange.

Subject to satisfaction or waiver of the conditions precedent referred to herein and in the Merger Agreement, Drummond and Elton anticipate that the Proposed Transaction will be completed by December 31, 2024. There is no assurance that the Proposed Transaction will be completed on the terms proposed herein or at all.

Trading in the common shares of Drummond (each, a "Drummond Share") is currently halted in accordance with the policies of the Exchange and will remain halted until such time as all required documentation in connection with the Proposed Transaction has been filed with and accepted by the Exchange and permission to resume trading has been obtained from the Exchange.

The Proposed Qualifying Transaction

The Proposed Transaction will result in Drummond acquiring all of the issued and outstanding securities of Elton in exchange for the issuance of securities of Drummond by way of a three-cornered amalgamation between Elton, Drummond and AcquisitionCo, which will result in the entity resulting from the amalgamation under the Business Corporations Act (British Columbia) of AcquisitionCo and Elton becoming a wholly-owned subsidiary of Drummond. The Proposed Transaction is expected to result in the existing shareholders of Elton owning a majority of the outstanding Drummond Shares (after completion of the Proposed Transaction and Split, referred to herein as the "Resulting Issuer Shares") and the Resulting Issuer will be renamed "Elton Resources Corp." or such other name as Elton may determine (the "Name Change").

The Proposed Transaction will not constitute a "Non-Arm's Length Qualifying Transaction" (as such term is defined in the Policy 2.4) or a related party transaction pursuant to the policies of the Exchange and applicable securities laws.

Prior to the effective time of the Proposed Transaction (the "Effective Time"), it is expected that Drummond

will complete a stock split (the "Split") in respect of the Drummond Shares on a 2:1 basis such that, immediately following the Split, there shall be 10,250,000 post-Split Drummond Shares (each, a "Drummond Post-Split Share") issued and outstanding (excluding any Drummond Post-Split Shares issuable upon conversion of the Drummond Subscription Receipts). Additionally, all outstanding incentive stock options of Drummond shall be surrendered for cancellation without any consideration prior to closing of the Proposed Transaction.

As consideration for the acquisition of all of the outstanding securities of Elton, holders of the issued and outstanding common shares of Elton ("Elton Shares") will receive one (1) Resulting Issuer Share/Drummond Post-Split Share for each one (1) Elton Share (the "Exchange Ratio") held. Excluding any Elton Shares that may be issued upon the conversion of any Subscription Receipts (as defined below) and assuming no convertible securities of Elton are exercised prior to the Effective Time, it is expected that (excluding any Elton Shares issuable upon conversion of the Subscription Receipts) (i) 35,000,000 Elton Shares outstanding as of the Effective Time held by current holders of Elton Shares will be exchanged for an equal number of Resulting Issuer Shares at a deemed price per Resulting Issuer Share equal to the NFT Subscription Receipt Price (as defined below) for deemed consideration of \$8,750,000, and (ii) an additional between 16,000,000 Elton Shares and 23,062,857 Elton Shares to be issued to [Generation Mining Ltd.](#) ("Generation") pursuant to the terms of an asset purchase agreement dated December 20, 2022, as amended, between Generation and Elton (the "Property Agreement") will be exchanged for an equal number of Resulting Issuer Shares at a deemed price per Resulting Issuer Share equal to the NFT Subscription Receipt Price for deemed consideration of between approximately \$4,000,000 and \$5,765,714.

In addition, there are currently 2,000,000 outstanding incentive stock options of Elton, each exercisable for one Elton Share, and holders thereof will receive approximately an aggregate of 2,000,000 incentive stock options of the Resulting Issuer, each exercisable to acquire one Resulting Issuer Share, pursuant to the Exchange Ratio. The final structure of the Proposed Transaction is subject to the receipt of tax, corporate and securities law advice by both Drummond and Elton. The Agents' Warrants shall also be exchanged for warrants of the Resulting Issuer on substantially the same basis.

Upon closing of the Proposed Transaction, a finder's fee in the amount of \$20,000 will be payable to Core Connections Ltd., an arm's length party to both Elton and Drummond.

The Private Placement

As disclosed in the news release of Drummond dated October 16, 2024, Elton has engaged Eight Capital and Canaccord Genuity Corp. (the "Co-Lead Agents") as co-lead agents and joint bookrunners in connection with the Private Placement, with a syndicate of agents that includes SCP Resource Finance LP (together with the Co-Lead Agents, the "Agents").

The Private Placement shall comprise of a private placement of a combination of: (1) subscription receipts of Elton ("NFT Subscription Receipts") at a price per NFT Subscription Receipt of \$0.25 (the "NFT Subscription Receipt Price"); and (2) subscription receipts of Elton ("FT Subscription Receipts" and, together with the NFT Subscription Receipts, the "Subscription Receipts") at a price per FT Subscription Receipt of \$0.35, for aggregate gross proceeds of a minimum of \$10,000,000 (when combined with the proceeds from the Drummond Financing) and a maximum of \$15,000,000.

In connection with the Private Placement, Elton has also granted the Agents an option (the "Agents' Option") to increase the size of the Private Placement by up to 15% in any combination of NFT Subscription Receipts and FT Subscription Receipts, which Agents' Option shall be exercisable in whole or in part at any time for a period of up to 48 hours prior to the closing of the Private Placement.

Each NFT Subscription Receipt will automatically convert into one common share in the capital of Elton (an "Elton Share") and each FT Subscription Receipt will automatically convert into one Elton Share that qualifies as a "flow-through share" (together with the Elton Shares underlying the NFT Subscription Receipts, the "Subscription Receipt Shares") pursuant to the Income Tax Act (Canada) (the "Tax Act") in each case, upon satisfaction of certain escrow release conditions (the "Escrow Release Conditions") prior to December 31, 2024, or such other date as may be determined under the subscription receipt agreement governing the Subscription Receipts (the "Escrow Release Deadline"), subject to adjustment in certain events, at no additional cost to the holder as described in a subscription receipt agreement to be entered into by the

parties. Each Subscription Receipt Share received by holders of the Subscription Receipts shall then be converted into one Resulting Issuer Share at the closing of the Proposed Transaction.

In connection with the Private Placement and upon satisfaction of the Escrow Release Conditions, the Agents will be paid a cash commission equal to 7.0% of the gross proceeds raised under the Private Placement and be issued such number of Elton Share purchase warrants (the "Agents' Warrants") as is equal to 7.0% of the Subscription Receipts sold under the Private Placement. Each Agents' Warrant will entitle the holder to acquire an Elton Share at an exercise price of \$0.25 for a period of twenty-four months following the date the Escrow Release Conditions are satisfied.

Further details regarding the Private Placement are disclosed in the news release of Drummond dated October 16, 2024.

Drummond Financing

The Company also announces that it proposes to undertake a non-brokered private placement (the "Drummond Financing") of subscription receipts of Drummond ("Drummond Subscription Receipt") at a price per Drummond Subscription Receipt equal to the NFT Subscription Receipt Price for such amounts as may be agreed between Elton and Drummond so long as the aggregate gross proceeds from the Drummond Financing and the Private Placement total a minimum of \$10,000,000. Each Drummond Subscription Receipt will automatically convert into one Drummond Post-Split Share upon satisfaction of certain escrow release conditions which are expected to substantially parallel the Escrow Release Conditions prior to the Escrow Release Deadline, subject to adjustment in certain events, at no additional cost to the holder as described in a subscription receipt agreement to be entered into by the parties.

Drummond may also issue Drummond Post-Split Share purchase warrants ("Drummond Agents' Warrants") and pay finder's fees on substantially the same basis as applicable to the Private Placement in connection with the Drummond Financing.

Resulting Issuer Capitalization

On completion of the Proposed Transaction, assuming (a) no changes to the capitalization of either Drummond or Elton prior to the Effective Time (including no exercise of any convertible securities), (b) all incentive stock options of Drummond are cancelled, and (c) that the Subscription Receipts and Drummond Subscription Receipts are converted into Elton Shares and Drummond Post-Split Shares respectively prior to the Escrow Release Deadline, the capitalization of the Resulting Issuer is expected to comprise the following:
