

Euromax Resources Ltd. Announces Intention to Extend Maturity Dates of Previously Issued Convertible Debentures

10.02.2025 | [CNW](#)

[Euromax Resources Ltd.](#) (TSXV: EOX): ("Euromax" or the "Company") announces that the Company intends to amend certain terms of its previously issued convertible debentures, which were issued to: i) the European Bank for Reconstruction and Development ("EBRD") in the aggregate principal amount of USD\$5,000,000 (as amended from time to time, the "EBRD Debenture"); and ii) CC Ilovitza Limited ("CCC"), an affiliate of Consolidated Contractors Company Group, in the aggregate principal amount of CAD\$5,200,000 (as amended from time to time, the "CCC Debenture", and collectively with the EBRD Debenture, the "Convertible Debentures").

Specifically, Euromax intends to enter into agreements with EBRD and CCC to extend the maturity dates of the Convertible Debentures from February 28, 2025 to February 28, 2026 (the "Proposed Amendments").

The Proposed Amendments are not intended to make any changes to the conversion price applicable to principal under the convertible debentures (\$0.15 per share) or to the applicable interest rate (20% for the period from and including April 30, 2018 to and excluding March 31, 2019 and 7% for the period from and including March 31, 2019 to and excluding February 28, 2026).

In completing the Proposed Amendments, the Company is relying on the exemptions from the formal valuation and minority approval requirements in Multilateral Instrument 61-101 - Protection of Minority Security Holders in Special Transactions ("MI 61-101") contained in sections 5.5(e) and 5.7(1)(c) of MI 61-101, respectively.

The Proposed Amendments are subject to acceptance by the TSX Venture Exchange and other approvals.

Neither the TSX Venture Exchange nor its regulation services provider accepts responsibility for the adequacy or accuracy of this news release.
