[Magna Terra Minerals Inc.](#) (the "Company" or "Magna Terra") (TSXV:MTT) is pleased to announce that it has completed an initial closing of its flow-through financing (refer to the news release dated February 10, 2025) of gross proceeds totaling \$227,000.

The full private placement of total gross proceeds of up to \$500,000 (the "Offering") will consist of an issuance of up to \$325,000 of premium flow-through common shares of the Company at a price of \$0.09 per share for an issuance of up to 3,611,111 premium flow-through common shares; and an issuance of up to \$175,000 of flow-through common shares of the Company at a price of \$0.08 per share for an issuance of up to 2,187,500 flow-through common shares.

The gross proceeds from the issuance of the premium flow-through and flow-through common shares will be used to incur "Canadian exploration expenses" that qualify as "flow-through critical mineral mining expenditures" (as such terms are defined in the *Income Tax Act* (Canada)) related to the Company's mineral exploration projects, primarily for preliminary exploration programs at the Company's recently acquired Humber Project in western Newfoundland and Rocky Brook Project in northern New Brunswick.

In this initial closing, the Company has issued 2,166,667 premium flow-through common shares at a price of \$0.09 per share and 400,000 flow-through common shares at a price of \$0.08 per share.

Mr. Gentile is considered a "related party" and an "insider" of the Company for the purposes of applicable securities laws and stock exchange rules. The subscription and issuance of common shares to Mr. Gentile constitutes a related party transaction, but is exempt from the formal valuation and minority approval requirements of Multilateral Instrument 61-101 - Protection of Minority Security Holders in Special Transactions ("MI 61-101") as (i) the Company's securities are not listed on any stock exchange identified in Section 5.7(b) of MI 61-101; (ii) neither the fair market value of the common shares to be distributed in the Offering nor the consideration to be received by the Company for the common shares, insofar as insider participation is concerned, exceeds \$2,500,000; and (iii) the Company has received the approval of the Offering from at least two-thirds of its independent directors in respect of the Offering.

In connection with the Offering, the Company may pay finder's fees in cash or securities or a combination of both, as permitted by the policies of the TSX Venture Exchange. All securities issued pursuant to the Offering will be subject to a regulatory four month and one day hold period. A second and final closing of the Offering is anticipated to occur on or before February 28, 2025. The Offering is subject to approval by the TSX Venture Exchange.
