Don Bubar chairs a technical session on Rare Metals and the Electric car from 9:00am to 12:00pm in Room 715.

During the session, Professor A.E. Williams-Jones will be presenting Rare Earth Mineralogy and Metallurgy: The Nechalacho Case History at 10:00am.

Bill Mercer chairs a technical session on New Discoveries and Developments from 9:00 am to 12:00 pm in Room 716.

About Avalon Rare Metals Inc.:

Avalon Rare Metals Inc. (TSX:AVL) (NYSE:AVL) is a mineral exploration and development company focused on rare metals deposits in Canada. Its flagship project, the 100%-owned Nechalacho Deposit, Thor Lake, NWT, is emerging as one of the largest undeveloped rare earth elements resources in the world. Its exceptional enrichment in the more valuable 'heavy' rare earth elements, which are key to enabling advances in clean technology and other growing high-tech applications, is one of the few potential sources of these critical elements outside of China, currently the source of 95% of world supply. Avalon is well funded, has no debt and its work programs are progressing steadily. Social responsibility and environmental stewardship are corporate cornerstones. Avalon's performance on community engagement in the north earned it the 2010 PDAC Environmental and Social Responsibility Award.
