

Triple Flag Announces Increase in Credit Facility Availability to US\$1 Billion at Improved Terms

23.04.2025 | [Business Wire](#)

[Triple Flag Precious Metals Corp.](#) (with its subsidiaries, "Triple Flag" or the "Company") (TSX: TFPM, NYSE: TFPM) announces that it has secured amendments to its existing undrawn revolving credit facility (the "Credit Facility"), including an increase in the size of the Credit Facility at more favorable terms. All amounts are expressed in US dollars unless otherwise indicated.

Under the amended agreement, the Company has a Credit Facility of \$700 million with an additional uncommitted accordion of up to \$300 million, for total available liquidity of \$1 billion. This represents an increase from the previous credit facility agreement that had a Credit Facility of \$500 million and an accordion of up to \$200 million.

Advances under the renewed Credit Facility are subject to interest at SOFR plus 1.45% to 2.75% per annum, depending on the Company's leverage ratio. The amended interest rate spreads above SOFR have been reduced by 30 basis points at the lower end of the range, when compared to the previous credit facility agreement.

The Credit Facility has a term of four years, maturing in April 2029.

"The increase in our Credit Facility on improved terms reflects the increased scale of Triple Flag, as well as our robust growth and financial outlook and zero debt balance. Together with our existing cash balance, the financial flexibility available under our renewed Credit Facility provides Triple Flag with significant capital to pursue accretive growth opportunities," said Eban Bari, Chief Financial Officer.

The amended Credit Facility was jointly led by National Bank of Canada, Bank of Nova Scotia and Canadian Imperial Bank of Commerce. Additionally, the syndicate includes Royal Bank of Canada, Toronto-Dominion Bank, Bank of America, Bank of Montreal and UBS.

Forward-Looking Information

This news release contains "forward-looking information" within the meaning of applicable Canadian securities laws and "forward-looking statements" within the meaning of the United States Private Securities Litigation Reform Act of 1995, respectively (collectively referred to herein as "forward-looking information"). Forward-looking information may be identified by the use of forward-looking terminology such as "plans", "targets", "expects", "is expected", "budget", "scheduled", "estimates", "outlook", "forecasts", "projection", "prospects", "strategy", "intends", "anticipates", "believes" or variations of such words and phrases or terminology which states that certain actions, events or results "may", "could", "would", "might", "will", "will be taken", "occur" or "be achieved". Forward-looking information in this news release includes, but is not limited to, statements with respect to operational and corporate developments for the Company, expected benefits

under the Credit Facility including the Company's ability to pursue, and success in pursuing, external growth opportunities, the applicable interest rate under the Credit Facility, the term and expected maturity of the Credit Facility, developments in respect of the Company's portfolio of royalties and streams and related interests and those developments at certain of the mines, projects or properties that underlie the Company's interests, and the Company's expectations for future periods (including, but not limited to, the long-term sales outlook for GEOs). In addition, any statements that refer to expectations, intentions, projections or other characterizations of future events or circumstances contain forward-looking information. Statements containing forward-looking information are not historical facts but instead represent management's expectations, estimates and projections regarding possible future events or circumstances.

The forward-looking information included in this news release is based on our opinions, estimates and assumptions in light of our experience and perception of historical trends, current conditions and expected future developments, as well as other factors that we currently believe are appropriate and reasonable in the circumstances. The forward-looking information contained in this news release is also based upon a number of assumptions, including the ongoing operation of the properties in which we hold a stream or royalty interest by the owners or operators of such properties in a manner consistent with past practice; the accuracy of public statements and disclosures made by the owners or operators of such underlying properties; and the accuracy of publicly disclosed expectations for the development of underlying properties that are not yet in production. These assumptions include, but are not limited to, the following: assumptions in respect of current and future market conditions and the execution of our business strategies; that operations, or ramp-up where applicable, at properties in which we hold a royalty, stream or other interest continue without further interruption through the period; and the absence of any other factors that could cause actions, events or results to differ from those anticipated, estimated, intended or implied. Despite a careful process to prepare and review the forward-looking information, there can be no assurance that the underlying opinions, estimates and assumptions will prove to be correct. Forward-looking information is also subject to known and unknown risks, uncertainties and other factors that may cause the actual results, level of activity, performance or achievements to be materially different from those expressed or implied by such forward-looking information. Such risks, uncertainties and other factors include, but are not limited to, those set forth under the caption "Risk and Risk Management" in our management's discussion and analysis in respect of the fourth quarter of 2024 and the caption "Risk Factors" in our most recently filed annual information form, each of which is available on SEDAR+ at www.sedarplus.ca and on EDGAR at www.sec.gov. In addition, we note that mineral resources that are not mineral reserves do not have demonstrated economic viability and inferred resources are considered too geologically speculative for the application of economic considerations.

Although we have attempted to identify important risk factors that could cause actual results or future events to differ materially from those contained in the forward-looking information, there may be other risk factors not presently known to us or that we presently believe are not material that could also cause actual results or future events to differ materially from those expressed in such forward-looking information. There can be no assurance that such information will prove to be accurate, as actual results and future events could differ materially from those anticipated in such information. Accordingly, readers should not place undue reliance on forward-looking information, which speaks only as of the date made. The forward-looking information contained in this news release represents our expectations as of the date of this news release and is subject to change after such date. We disclaim any intention or obligation or undertaking to update or revise any forward-looking information whether as a result of new information, future events or otherwise, except as required by applicable securities laws. All of the forward-looking information contained in this news release is expressly qualified by the foregoing cautionary statements.

Cautionary Statement to U.S. Investors

Information contained or referenced in this press release or in the documents referenced herein concerning the properties, technical information and operations of Triple Flag has been prepared in accordance with requirements and standards under Canadian securities laws, which differ from the requirements of the U.S. Securities and Exchange Commission ("SEC") under subpart 1300 of Regulation S-K ("S-K 1300"). Because the Company is eligible for the Multijurisdictional Disclosure System adopted by the SEC and Canadian Securities Administrators, Triple Flag is not required to present disclosure regarding its mineral properties in compliance with S-K 1300. Accordingly, certain information contained in this press release may not be comparable to similar information made public by U.S. companies subject to reporting and disclosure requirements of the SEC.

Technical and Third-Party Information:

Triple Flag does not own, develop or mine the underlying properties on which it holds stream or royalty interests. As a royalty or stream holder, Triple Flag has limited, if any, access to properties included in its asset portfolio. As a result, Triple Flag is dependent on the owners or operators of the properties and their qualified persons to provide information to Triple Flag and on publicly available information to prepare disclosure pertaining to properties and operations on the properties on which Triple Flag holds stream, royalty or other similar interests. Triple Flag generally has limited or no ability to independently verify such information. Although Triple Flag does not believe that such information is inaccurate or incomplete in any material respect, there can be no assurance that such third-party information is complete or accurate.
