- a special resolution authorizing the alteration of the notice of articles of the Company to effect the change of the Company's name to "Elemental Royalty Corp.", or such other name as the board of directors of the Company deems appropriate or as may be required or permitted by applicable regulatory authorities.

Each of the resolutions approved at the meeting was described in detail in the Company's management information circular dated September 29, 2025, available on the SEDAR+ website at [www.sedarplus.ca](http://www.sedarplus.ca) and on the Company's website at [www.elementalaltus.com](http://www.elementalaltus.com).

## EMX Shareholder Approval

As previously announced, the Financing is being undertaken in connection with the arrangement (the "Arrangement") of [EMX Royalty Corp.](#) ("EMX"), pursuant to which Elemental Altus and EMX will merge and position the combined company as a new mid-tier gold-focused streaming and royalty plan. As announced in EMX's news release dated November 4, 2025, EMX has received the requisite securityholder approvals for the Arrangement at its special meeting of shareholders and option holders held earlier today.

The completion of the Arrangement is subject to final order from the Supreme Court of British Columbia ("the Court") to approve the Arrangement at a hearing expected to be held on November 7, 2025. In addition to approval of the Court, completion of the Arrangement is subject to applicable regulatory and exchange approval (including final approval of the TSX Venture Exchange), and the satisfaction of certain other closing conditions customary for a transaction of this nature. Further, the completion of the Arrangement is subject to the conditional approval of the listing of the Elemental Altus Shares on a US stock exchange and the completion of the Financing. If all conditions are satisfied or waived, the Arrangement is expected to close by mid-November 2025.

The merged company resulting from the Arrangement with EMX will hold a diversified and complementary portfolio of 16 producing assets and more than 200 total royalties across the globe. This merger unites Elemental Altus's focus on accretive royalty acquisition and EMX's strengths in royalty generation and disciplined growth, underpinning a strategy to provide both immediate cash flow and long-term value creation from a best-in-class asset base, diversified production, and sector-leading management expertise.
