SASKATOON, SK, May 3 /CNW/ - Potash Corporation of Saskatchewan Inc. (PotashCorp) was notified on May 2, 2011 that The Mosaic Company (Mosaic) believes that it has satisfied its contractual obligation to produce potash for PotashCorp from its mine at Esterhazy, Saskatchewan.

PotashCorp disputes this interpretation and intends to take all necessary steps to enforce its rights under the agreement, pending determination of the matters currently in issue before the Saskatchewan Court of Queen's Bench.

Potash Corporation of Saskatchewan Inc. is the world's largest fertilizer enterprise by capacity producing the three primary plant nutrients and a leading supplier to three distinct market categories: agriculture, with the largest capacity in the world in potash, third largest in each of nitrogen and phosphate; animal nutrition, with the world's largest capacity in phosphate feed ingredients; and industrial chemicals, as the largest global producer of industrial nitrogen products and the world's largest capacity for production of purified industrial phosphoric acid. PotashCorp's common shares are listed on the Toronto Stock Exchange and the New York Stock Exchange.
