

Castillian Enters Into Agreement to Assign Its Interest in Achachucani to South American Tin

19.12.2012 | [Marketwire](#)

TORONTO, ONTARIO -- (Marketwire) -- 12/19/12 -- [Castillian Resources Corp.](#) ("Castillian" or the "Company") (TSX VENTURE: CT) (OTCQX: CTIIF) has entered into an assignment agreement with South American Tin Limited ("SAT") whereby Castillian will assign to SAT Castillian's option to acquire a 100% interest in the Achachucani Gold Project located in southern Bolivia (the "Project").

In consideration for Castillian's interest in the Project, SAT has agreed to pay Castillian US\$50,000 in cash and US\$2,050,000 in ordinary shares of SAT according to the following schedule:

- US\$50,000 in cash and US\$50,000 in shares upon the earlier of SAT completing a financing exceeding US\$600,000 or 12 months from the date of the agreement;
- US\$500,000 in shares upon the discovery of 1,000,000 ounces of gold on the Project in the inferred category or higher (or the JORC equivalent);
- US\$500,000 in shares upon completing a positive feasibility study; and
- US\$1,000,000 in shares upon achieving commercial production.

Completion of the assignment is subject to certain customary closing conditions, including completion by SAT of technical, legal and financial due diligence.

The Achachucani Gold Project

The Project, formerly known as the Pedersen Project, is located approximately 360 km south of La Paz, Bolivia. The Project includes 13 contiguous concessions of approximately 78 sq. km and contains a near surface, structurally controlled, sediment-hosted gold deposit. The property has a historical resource estimate of 51.6 million tonnes grading 1.4 g Au/t containing 2.3 million ounces of gold(i) which was completed by Orvana Minerals Corporation and BHP in 1999.

South American Tin

SAT is a private, Australian-based mining company. Through its Bolivia subsidiary, Gondwanaland SAT has a number of tin projects north of Potosi centred at the historic Siglo XX Mine in Llallagua, which has historic fine tin production exceeding 1Mt. Management of SAT have considerable work experience in Bolivia.

Dr. Bill Pearson, President and CEO of Castillian, commented: "The sale of our option to acquire Achachucani is consistent with Castillian's stated strategy to sell non-core assets and focus the company's resources on the development of Hope Brook Gold. Castillian will continue to focus the company on Hope Brook in 2013 and divest other non-core assets as previously disclosed."

(i) This historical resource estimate was not prepared in accordance with currently accepted guidelines for the preparation of mineral resources and mineral reserves, does not comply with NI 43-101 and should not be relied upon. Although the historical estimate is relevant to recognizing potential, a qualified person, as such term is defined in NI 43-101, has not done sufficient work to classify the historical estimate as current mineral resources or mineral reserves, and the Company is not treating the historical estimate as current mineral resources or mineral reserves.
