26.05.2015 | [Marketwire](#)

CALGARY, May 26, 2015 - [Alhambra Resources Ltd.](#) (TSX VENTURE:ALH) (PINKSHEETS:AHBRF) (FRANKFURT:A4Y) ("Alhambra" or the "Corporation"), an international gold explorer and producer, announces that the Corporation intends to complete a financing for up to Cdn\$8.0 million in convertible notes, the proceeds from which will provide the Corporation with the working capital it requires to resume its mining operations in Kazakhstan, reorganize its outstanding debts and prepare to resume its corporate development activities.

Alhambra will issue up to Cdn\$8.0 million in convertible secured promissory notes (the "Notes") and warrants. Each Note will bear interest at an annual rate of 12%, will have a term of three years and will be secured by the Corporation's assets in Kazakhstan. The holders will have option to convert both the principal and interest portions of the Notes into common shares of the Corporation at Cdn\$0.075 per common share. Alhambra has the option to pay the interest in either cash or shares of the Corporation.

In connection with each common share issued upon conversion of the Notes, the holder of the Notes will receive one-half (1/2) of a warrant. Each full warrant will entitle the holder thereof to purchase one common share of Alhambra at a price of Cdn\$0.15 per common share up to including a date which is eighteen (18) months from the date the common shares are issued.

John J. Komarnicki, Chairman and Chief Executive Officer of [Alhambra Resources Ltd.](#) stated, "We are pleased with our financing as it will achieve the following: strengthen our balance sheet, allow us to resume gold production and sales, deal with our creditors, advance our production development and exploration strategy, and minimize shareholders' dilution in a market environment which has dramatically undervalued the Corporation's intrinsic asset value."

Completion of the financing is subject to receiving approvals from the TSX Venture Exchange Inc. and the Alberta Securities Commission
