The Company is also pleased to announce a video blog series to keep shareholders up-to-date on new developments. Videos are posted regularly on the home page of the Pasinex website (www.pasinex.com) and the latest one is now available.

About Pasinex

[Pasinex Resources Ltd.](#) (CSE: PSE) (FSE: PNX) is a base and precious metal-focused exploration company with a goal to build a mid-tier international mining company focused on base metals. The Company's initial priority is to build a prospective portfolio of base metal opportunities in Turkey with the assistance of partner Akmetal A.S., one of Turkey's largest family-owned conglomerates, and past-producer of zinc from the nearby Horzum Zinc Mine. The Company has a strong technical management team with many years of experience in mineral exploration and mining project development focused on discovery and development of new zinc deposits north of a small historical mining camp along a potentially major carbonate-replacement deposit (CRD) trend.
