The Company has filed a prospectus supplement dated August 11, 2016 to the Company's existing U.S. shelf registration statement on Form F-10 (the "Registration Statement") and Canadian short form base shelf prospectus (the "Base Shelf Prospectus"), each dated January 11, 2016. The Canadian prospectus supplement (together with the Base Shelf Prospectus) is available on the SEDAR website maintained by the Canadian Securities Administrators at www.sedar.com. The Company intends to use the net proceeds of the Offering, if any, to fund ongoing general corporate expenditures, discretionary capital programs, accelerated exploration at the Fekola Project in Mali and exploration and feasibility work at the Kiaka Project in Burkina Faso.

The Company will pay the Agents a placement fee for the Common Shares sold under the Equity Distribution Agreement equal to 2% of the gross proceeds from each placement.

The TSX has conditionally approved the listing of the Common Shares offered hereunder, subject to the Company fulfilling all of the listing requirements of the TSX. The NYSE MKT has approved the listing of the Common Shares offered hereunder.

To the extent certain insiders of the Company, including existing shareholders holding 10% or more of the Company's outstanding Common Shares, purchase Common Shares under the Offering, such purchases would constitute a "related party transaction" under Multilateral Instrument 61-101 - *Protection of Minority Shareholders in Special Transactions* ("MI 61-101"). Although the extent of any such purchases is not known at this time, the potential participation by insiders in the Offering would be exempt from the requirements to obtain a formal valuation report and minority shareholder approval under Sections 5.5(a) and 5.7(1)(a) of MI 61-101 as the fair market value of the entire Offering represents less than 25% of the Company's market capitalization.

This news release shall not in any circumstances constitute an offer to sell or a solicitation of an offer to buy, nor shall there be any sale of these securities in any jurisdiction in which an offer, solicitation or sale would be unlawful prior to the registration or qualification under the applicable securities laws of any such jurisdiction.
