#### About Implats

Implats is in the business of mining, refining and marketing platinum group metals (PGMs) &ndash; primarily platinum, palladium and rhodium &ndash; and associated base metals. The Group has extensive operations on two of the most significant PGM deposits in the world, namely the Bushveld Complex in South Africa and the Great Dyke in Zimbabwe, and has total attributable resources of 194 million ounces of platinum.

Implats employs some 55 000 people (including 15 000 contractors) across its operations and produces approximately a quarter of the world's supply of platinum. In FY2016 the Group produced 2.91 million ounces of PGMs, including 1.44 million ounces of platinum.

The quality and diversity of the Group's assets and people are becoming a clear value differentiator with strong operational execution across the Group.
