24.07.2019 | Accesswire

BEDFORD, July 24, 2019 - NSGold Corporation (TSXV:NSX) ( € NSGold € or the € Company €) has closed its previously-announced non-brokered private placement by raising gross proceeds of \$117,500 through the issuance of 1,468,750 units at a price of \$0.08 per unit. Each unit comprises one common share of the Company and one common share purchase warrant. Each warrant entitles the holder to acquire one additional common share of the Company for \$0.10 for a period of 36 months from the closing date. The common shares and warrants issued pursuant to the private placement are subject to a 4-month hold period that expires on November 25, 2019.

NSGold will use the proceeds from the private placement for maintaining the Mooseland gold property in Nova Scotia and for general working capital purposes. The private placement remains subject to final acceptance by the TSX Venture Exchange.

NSGold €™s largest shareholder, Van Hoof Industrial Holdings Ltd. ( € VHIH €), subscribed for 625,000 units in the private placement, for proceeds to NSGold of \$50,000. Hans van Hoof, Chairman, President and Chief Executive Officer of NSGold, controls VHIH and is its President and Chief Executive Officer. Two of NSGold €™s other directors subscribed for a total of 81,250 units, for proceeds to NSGold of \$6,500. The issuance of units to VHIH and the two directors of the Company constitutes a related-party transaction under Multilateral Instrument 61-101 - Protection of Minority Security Holders in Special Transactions but is exempt from the formal valuation and minority approval requirements thereof as neither the fair market value of the units issued to VHIH and the two directors nor the fair market value of the private placement exceeds 25% of NSGold €™s market capitalization. NSGold did not file a material change report with respect to the participation of VHIH and the two directors at least 21 days prior to the closing of the private placement as their participation had not been determined at that time.
