

# Osino Announces Filing of Amended and Restated Technical Report for Its Twin Hills Gold Project and Ondundu Gold Project, Namibia

28.04.2023 | [GlobeNewswire](#)

VANCOUVER, April 28, 2023 - [Osino Resources Corp.](#) (TSXV:OSI) (FSE:RSR1) (OTCQX:OSIIF) ("Osino" or "the Company") wishes to announce that it has filed its amended and restated pre-feasibility study technical report entitled, "Amended and Restated Pre-Feasibility Study of the Twin Hills Gold Project, Namibia, NI 43-101 Technical Report" dated effective September 6, 2022 and signed April 24, 2023 (the "PFS Technical Report") for its pre-feasibility study announced in the Company's news release dated September 6, 2022, which amends and restates the initial pre-feasibility study filed on October 26, 2022 (the "Previous PFS").

The PFS Technical Report updates and replaces the Previous PFS to provide disclosure to more correctly meet the form requirements of National Instrument 43-101-*Standards of Disclosure for Mineral Projects* ("NI 43-101").

In addition, the Company also wishes to announce that it has filed its amended and restated technical report entitled, "Ondundu Gold Project, Namibia, Amended and Restated NI 43-101 Technical Report" dated effective October 7, 2022 and signed April 21, 2023 (the "Ondundu Technical Report") for its technical report announced in the Company's news release dated December 8, 2022, which amends and restates the technical report for the Ondundu Gold Project filed on December 8, 2022 (the "Previous Ondundu Report").

The Ondundu Technical Report updates and replaces the Previous Ondundu Report to provide disclosure to more correctly meet the form requirements of NI 43-101.

There are no material changes to the PFS Technical Report or Ondundu Technical Report and their prior versions, other than to address form requirements under NI 43-101 which were discovered under the process of review in connection with the Company's preliminary short form base shelf prospectus.

For additional information, please refer to the PFS Technical Report and Ondundu Technical Report available on the Osino website and filed on SEDAR under the Company's profile at [www.sedar.com](http://www.sedar.com), which is an update of the Initial PFS and contains the most current comprehensive technical information and reflects the Company's news release dated September 6, 2022.

## About Osino Resources

Osino is a Canadian gold exploration and development company focused on the fast-tracked development of our Twin Hills Gold Project ("Twin Hills") in central Namibia. Twin Hills is at an advanced stage of exploration and development with more than 220,000m of drilling completed on the project since its grassroots discovery by Osino with various advanced development studies underway.

Osino has a large ground position of approximately 6,900km<sup>2</sup> located within Namibia's prospective Damara sedimentary mineral belt, mostly in proximity to and along strike of the producing Navachab and Otjikoto Gold Mines. The Company is actively exploring a range of gold prospects and targets along the belt by utilizing a portfolio approach geared towards discovery, targeting gold mineralization that fits the broad orogenic gold model.

Our core projects are favorably located north and north-west of Namibia's capital city Windhoek. By virtue of

their location, the projects benefit significantly from Namibia's well-established infrastructure with paved highways, railway, power and water in close proximity. Namibia is mining-friendly and lauded as one of the continent's most politically and socially stable jurisdictions. Osino continues to evaluate new ground with a view to expanding our Namibian portfolio.

Mr. Anton Geldenhuys (MEng), a registered Professional Natural Scientist (SACNASP, membership number 400313/04) of CSA Global (Pty) Ltd., who is an independent Qualified Person ("QP") as defined by CIM Definition Standards for Mineral Resources and Mineral Reserves in accordance with NI 43-101. Mr. Geldenhuys is a geoscientist and is qualified as a geologist (Honours) and engineer (Masters) and has over 21 years of relevant industry experience. Mr. Geldenhuys is a member in good standing of the South African Council for Natural Scientific Professions (SACNASP) and has sufficient experience relevant to the commodity, style of mineralization and activity which he is undertaking to qualify as a QP under NI 43-101. Mr. Geldenhuys has reviewed and approved the scientific and technical information in this news release.

#### *Cautionary Statement Regarding Forward-Looking Information*

*This press release contains "forward-looking information" within the meaning of applicable Canadian securities legislation. Forward-looking information includes, without limitation, statements regarding the use of proceeds from the Company's recently completed financings, and the future plans or prospects of the Company, including prospects for economic recoverability of mineral resources. Generally, forward-looking information can be identified by the use of forward-looking terminology such as "plans", "expects" or "does not expect", "is expected", "budget", "scheduled", "estimates", "forecasts", "intends", "anticipates" or "does not anticipate", or "believes", or variations of such words and phrases or state that certain actions, events or results "may", "could", "would", "might" or "will be taken", "occur" or "be achieved". Forward-looking statements are necessarily based upon a number of assumptions that, while considered reasonable by management, are inherently subject to business, market and economic risks, uncertainties and contingencies that may cause actual results, performance or achievements to be materially different from those expressed or implied by forward-looking statements. Although the Company has attempted to identify important factors that could cause actual results to differ materially from those contained in forward-looking information, there may be other factors that cause results not to be as anticipated, estimated or intended. There can be no assurance that such information will prove to be accurate, as actual results and future events could differ materially from those anticipated in such statements. Accordingly, readers should not place undue reliance on forward-looking information. Other factors which could materially affect such forward-looking information are described in the risk factors in the Company's most recent annual management's discussion and analysis which is available on SEDAR at [www.sedar.com](http://www.sedar.com). The Company does not undertake to update any forward-looking information, except in accordance with applicable securities laws.*

*Neither the TSX Venture Exchange nor its Regulation Services Provider (as that term is defined in the policies of the TSX Venture Exchange) accepts responsibility for the adequacy or accuracy of this press release.*
