VANCOUVER, Feb. 12, 2024 - [Nevada King Gold Corp.](#) (TSXV: NKG) ("Nevada King" or the "Company") is pleased to announce that the Company's Board of Directors has unanimously approved plans for a strategic reorganization of its business portfolio, which all of the Company's concessions and properties with the exception of the Atlanta Gold Mine Project ("Atlanta") will be spun out to Nevada King shareholders (the "Spin-Out") through a newly incorporated company ("SpinCo"). In connection with the Spin-Out, Nevada King proposes to also grant to SpinCo a 3.0% royalty on all production from certain portions of Atlanta, the Atlanta resource area and non-core claims surrounding the Atlanta Gold Mine Project.

The Company is also proceeding with a non-brokered private placement financing (the "Non-Brokered Private Placement") of 27,857,143 common shares of the Company ("Common Shares") at a price of \$0.35 per Common Share for aggregate proceeds of \$9.75-million. The Non-Brokered Private Placement is fully allocated to insiders, existing shareholders, and a new strategic shareholder of the Company. Proceeds of the Non-Brokered Private Placement will be used to advance the Atlanta Gold Mine Project and for working capital purposes of Nevada King.

## Highlights:

- The Spin-Out will provide investors with an ownership stake in two separate specialized companies. Nevada King will continue to focus exclusively on the advancement of the Atlanta Gold Mine Project, while the newly created SpinCo will focus on advancing its foothold as the third largest mineral claim holder in the State of Nevada, behind Nevada Gold Mines (Barrick/Newmont) and Kinross Gold. SpinCo will control over 193,000 acres (9,682 claims) along the Battle Mountain trend, with key project areas hosting significant historical exploration work and possessing untested discovery potential. Project areas include Iron Point, Buffalo Valley, Lewis, Horse Mountain-Mill Creek, Hilltop South, Carico Lake, Koshong, and Pancake South.
- Company Founder & Chief Executive Officer Collin Kettell is subscribing for \$2,000,000 of the Non-Brokered Private Placement, while other members of management and the board of directors are also participating.
- Two significant shareholders of the Company are subscribing for \$4,200,000 and \$1,345,000 of the Non-Brokered Private Placement, respectively. A new strategic shareholder to the Company is subscribing for \$2,000,000. Between the new strategic shareholder, as well as management and significant shareholders, the Non-Brokered Private Placement is fully allocated.

"We are pleased to announce these two exciting opportunities for the Company. Creating a standalone focused company from Nevada King's large portfolio of claims along the Battle Mountain trend will create an exciting growth-focused story with a strong land position along one of the world's most prolific gold mining trends. This project portfolio is nestled amongst some of America's most prominent current and former producing mines and has the potential to provide exceptional exploration and development optionality from multiple properties," Collin Kettell, CEO of Nevada King stated. "At the same time, the fully allocated Non-Brokered Private Placement, which is priced at market and without a warrant, will allow Nevada King to fast track drilling at Atlanta. We have continually intersected high-grade oxide results over significant thicknesses. We will be creating value for shareholders on two fronts now, with SpinCo providing exposure to significant exploration potential while Nevada King continues to develop its flagship Atlanta Gold Mine Project."

"Finally, I would like to provide a special thank you to our dedicated and growing group of significant shareholders whose support and long-term vision for Nevada King has allowed us to accelerate the advancement of Atlanta despite difficult equity capital market conditions in the gold exploration sector."

## Spin-Out

The Spin-Out will be completed as part of a strategic reorganization to unlock value in Nevada King's large portfolio of mineral claims in the State of Nevada. The target areas along the Battle Mountain trend to be held by SpinCo include the Comp, Lewis, Horse Mountain-Mill Creek, and Iron Point projects. Nevada King will also grant SpinCo a net smelter return ("NSR") in the amount of 3.0% from all production from certain non-core Atlanta claims surrounding Atlanta, as well as a 3.0% NSR on the core "Bobcat" claims that cover the existing resource zone. The 3.0% NSR royalty on the Bobcat claims will take the place of fulfilling the existing royalty on the Bobcat claims which is a 3.0% royalty capped at the first 4,000 ounces of gold equivalent production.

It is proposed that the Spin-Out will proceed by way of a statutory plan of arrangement (the "Arrangement") pursuant to the Business Corporations Act (British Columbia). Common shares of SpinCo (the "SpinCo Shares") will be distributed to shareholders of Nevada King in proportion to their shareholdings of Nevada King. There will be no change in Nevada King shareholdings in the Company as a result of the Spin-Out.

Completion of the proposed Spin-Out will be subject to finalizing the terms of a definitive arrangement agreement to be entered into between Nevada King and SpinCo, as well as the approval of the Nevada King shareholders, and the approvals of the British Columbia Supreme Court and the TSX Venture Exchange (the "TSXV").

SpinCo will not initially be listed on a public stock exchange but will operate as a reporting issuer.

Further details of the Spin-Out will be provided as the transaction progresses. Timing of the Spin-Out will be based on prevailing market conditions. The particulars of the Spin-Out are not yet final and shareholders are cautioned that there can be no assurance that the Spin-Out will be completed on the terms described herein or at all.

The participation by insiders in the Non-Brokered Private Placement constitutes a "related party transaction" under Multilateral Instrument 61-101 - Protection of Minority Security Holders in Special Transactions ("MI 61-101"). The Company expects that the closings of the Non-Brokered Private Placement will occur within 21 days of this announcement and it will not file a material change report in respect of the related party transaction at least 21 days before the closings. The Company deems this circumstance reasonable in order to complete the Non-Brokered Private Placement in an expeditious manner. The Non-Brokered Private Placement has been unanimously approved by the Company's board of directors. Further information regarding the interest in the Non-Brokered Private Placement of every related party and the effect that the Non-Brokered Private Placement will have on their percentage of securities of the Company will be provided once finalized.
