

Boron One Holdings Inc. Hosts Ambassador of Canada to Serbia for Piskanja Boron Project Site Visit

22.04.2024 | [Accesswire](#)

VICTORIA, April 22, 2024 - [Boron One Holdings Inc.](#) (the "Company") (TSXV:BONE), a company dedicated to the decarbonization of Planet Earth through the responsible utilization of its boron assets, is delighted to report that its wholly owned operating subsidiary, Balkan Gold d.o.o., had the honor of hosting Canadian Ambassador Giles Norman and Trade Commissioner Filip Petrovi?, who both recently inspected the Company's Piskanja Boron Project in Serbia.

The site visit commenced with Ambassador Norman and Mr. Petrovi? attending a brief presentation regarding the ongoing development plans for the Piskanja Boron Project. Mr. Cvetkovi?, Director of the state-owned Ibar Mines which owns the Pobrdje Boron Mine, then joined the meeting to discuss the potential for mutually beneficial future cooperation between the two organizations. The visit continued with an inspection of the Company's field office and some of the Piskanja Property drill locations, in order to demonstrate that the Company's exploration programs have been conducted in an environmentally and socially responsible manner. While inspecting the field site, the Ambassador's group was met with an impromptu, cordial greeting by several area residents, showing their support for the development of the Piskanja Project.

Tim Daniels, President of Boron One, stated, "We are very pleased that the visit left a good impression on Ambassador Norman. He concluded that the Piskanja Project has much potential, and that we are on track to achieving our goal of developing a going concern mining operation. He also emphasized that in future discussions with officials from the Republic of Serbia, he will cite our exemplary relations with Ibar Mines as a model for how Canadian companies can ally themselves with Serbian state-owned companies, for the mutual benefit of all. Ambassador Norman also commended us for maintaining excellent relations with the local population. I wish to thank Ambassador Norman for taking the time to visit our project, and for his continued support which we very much appreciate."

Photos of Ambassador Norman's site visit are available [here](#).

On behalf of the Board of Directors,

Tim Daniels

For [Boron One Holdings Inc.](#) Investors

Certain statements made in this press release that are not based on historical information are forward-looking statements that involve substantial known and unknown risks and uncertainties. This press release contains express or implied forward-looking statements relating to, among other things, Boron One's expectations concerning management's plans, objectives and strategies, including its plans for advancing the Company's Piskanja Project through to an exploitation license. These statements are neither promises nor guarantees but are subject to a variety of risks and uncertainties, many of which are beyond our control, and which could cause actual results to differ materially from those contemplated in these forward-looking statements. Existing and prospective investors are cautioned not to place undue reliance on these forward-looking statements, which speak only as of the date hereof. Factors that could cause actual results to differ materially from any forward-looking statement include, but are not limited to, failure to convert estimated mineral resources to reserves, capital and operating costs varying significantly from estimates, the preliminary nature of metallurgical test results, delays in obtaining or failures to obtain required governmental, environmental or other project approvals, political risks, uncertainties relating to the availability and costs of financing needed in the future, changes in equity markets, inflation, changes in exchange rates, fluctuations in commodity prices, delays in the development of projects and the other risks involved in the mineral exploration and development industry. [Boron One Holdings Inc.](#) undertakes no obligation to update or revise the information contained in this press release, whether as a result of new information, future events or circumstances or otherwise except as expressly required by applicable securities law. Further information regarding the uncertainties and risks can be found in the disclosure documents filed by Boron One with the securities regulatory authorities, available at www.sedar.com. These and other factors made in public disclosures and filings by the Company should be considered carefully.
